

ENVIRONMENTAL POLICY

Eclipse Magnetics Ltd specialises in the supply of magnets and the design, manufacture and installation of magnetic equipment.

We recognise that our activities have an impact on the environment in terms of the use of raw materials, emissions to air, and waste generation, and seek to minimise this as far as reasonably possible.

Eclipse Magnetics is committed to:

- Continual improvement by setting and reviewing of Environmental Objectives / targets.
- Preventing pollution
- Compliance with all environmental legislation, regulations and codes of practice relevant to the industry sector in which it operates.

It is the policy of Eclipse Magnetics to:

- Make efficient use of natural resources by conserving energy and water, minimising waste, reducing air emissions and recycling where possible.
- Keep transport to a minimum and regularly service vehicles to maintain their efficiency.

Eclipse Magnetics will review this policy on an annual basis, taking into account of any changes within legislation and our organisation, and other factors.

A copy of this Policy is displayed at points throughout the company. All employees are aware of its contents and importance.
